

MD NAFIZ MAHFUZ

Business Analyst | Data Analyst

Dhaka, Bangladesh | +880 1877 014405 | nafizmahfuz100@gmail.com

PROFESSIONAL SUMMARY

Data-driven Business Analyst and Data Analyst with a B.Sc. in Computer Science, experienced in requirements analysis, dynamic pricing, inventory optimization, and financial performance analysis. Proven ability to bridge technical teams and business stakeholders across B2B2C software projects. Skilled in Python, SQL, Power BI, and Excel, with training in Safety Management Systems (FAA) and Six Sigma.

CORE SKILLS

Business Analysis: Requirements Elicitation (BRD/FRD), Process Mapping, User Stories, Stakeholder Management, Agile/Scrum

Analytics & Pricing: Yield Management, Dynamic Pricing, RASK/CASK Analysis, P&L & Variance Analysis, Demand Forecasting

Tools: Python (Pandas, NumPy, Scikit-learn), SQL, Power BI, Excel (Advanced, VBA, Solver)

Systems: PROS RMS (Conceptual), Amadeus & Sabre Inventory Concepts, Fare Class Bucketing

PROFESSIONAL EXPERIENCE

Business Analyst at Betopia Limited *(Feb 2026 to Present)*

- **Software Project Analysis:** Spearhead business analysis for core enterprise platforms, including GetCover (InsurTech) and ValrPro, by eliciting functional requirements, mapping process workflows, and authoring technical specifications that align engineering output with strategic business objectives.
- **Tender & Proposal Scoping:** Draft comprehensive technical documentation for high-value tenders, including the EMRD tender technical submission, and establish the functional project scope for the Momentum proposal.
- **Database & System Architecture:** Lead database design efforts and technical requirements engineering for PK Holdings to ensure scalable data structures and seamless system implementation.
- **Business Intelligence & Analytics:** Develop and maintain executive-level Power BI and Excel dashboards to monitor key performance indicators (KPIs) and revenue metrics, providing data-driven insights for leadership decision-making.
- **Agile Management & Stakeholder Alignment:** Facilitate sprint planning, conduct stakeholder reviews, and streamline cross-functional communication between software development teams and business units to ensure on-time and within-scope delivery.

Data Analyst Intern, Managing Director's Office at Walton Hi-Tech Industries PLC *(Jul 2025 to Sep 2025)*

- Designed an executive inventory velocity and working-capital dashboard, identifying \$50,000+ in slow-moving stock and enabling targeted reallocation strategies.
- Reduced Cost Per Unit by 12% by analyzing shipment routing, vendor pricing, and volume discounts to optimize logistics and supplier contracts.
- Built an inventory depletion forecasting model to support Just-in-Time stock levels and lower warehousing and holding costs.

Junior Consultant Intern at Principio Holdings (Remote) *(Jan 2025 to Jun 2025)*

- Developed data-driven pricing and market expansion cases by validating demand assumptions, cost structures, and competitive dynamics across European and Asian markets.
- Conducted competitor and pricing analysis to identify revenue gaps and implemented reporting standards ensuring 100% accuracy in client-facing deliverables.

KEY PROJECTS

Dynamic Overbooking and No-Show Prediction Model

- Built a Random Forest model predicting passenger no-shows (82% accuracy), supporting an overbooking strategy with a modeled 4% revenue uplift.

Airline Network Profitability: RASK/CASK Analysis

- Analyzed 20 simulated international routes to identify cash-negative sectors and recommended capacity reductions to improve network profitability.

Competitor Fare Intelligence System

- Automated daily fare monitoring for competitive routes (for example, DAC to DXB), enabling rapid pricing response to protect yield and market share.

EDUCATION

Bachelor of Science (BSc), Computer Science and Engineering

BRAC University, Dhaka, Bangladesh (2020 to 2024)

CERTIFICATIONS AND TRAINING

- Scalable Safety Management Systems (SMS), Federal Aviation Administration (FAA)
- Six Sigma White Belt, Council for Six Sigma Certification (CSSC)
- Career Essentials in Data Analysis & Project Management, Microsoft & LinkedIn Learning
- Job Simulations: British Airways (Data Science), Accenture (Data Analytics), and PwC Switzerland (Power BI), via Forage
